Description of Portfolio

- **Key Sponsors:**

- PEO LMW

- Warfare

- PMS 408

- PMS 480
Protection

- PMS 406
Systems

Littoral Mine

JCREW / EOD

Anti Terrorism Force

Unmanned Maritime

- **PEO LMW designs, delivers and maintains the systems, equipment and weapons needed by the warfighter to dominate the littoral battlespace and provide the Warfighter Assured Access.**

Strategic Environment

- **Naval Sea Systems Command Program Office**
- **PEO is led by Ms. Anne Sandel (SES)**
- **Reports to DASN Mr. Sean Stackley and to VADM McCoy**
- **Common Processes, PEO online tool task planning, ERP, and definitized tasking**
- **Funding Issues**
 - Tightening Budgets
 - Reprioritization of requirements
- **Utilizes QER (Quarterly Execution Reviews)**

Strategic Themes

- **EW/IO and Special Missions Leadership**
- **Spectrum Management**
- **Irregular Warfare**
- **Electronic Protection**
- **Technology Transition - Expedite fielding of superior warfighter capabilities**

Critical Areas

- **Wireless communications**
- **Counter Remote Controlled Improvised Explosive Device Systems**
- **Ground domain EW**
- **Electro-optic systems**
- **Unmanned systems (maritime domain)**
- **Spiral upgrades to existing systems**

Littoral Mine Warfare Partnership Opportunities

- **PEO-LMW and program managers are focused on small business**
 - SBIR (Small Business Innovation Research) projects that can be leveraged
- **Cooperative research projects with university labs**
- **Crane focused on leveraging technologies that support our focus areas and customer requirements**

Strategic Summary

- **Leveraging what Crane and its partners are good at. We apply it for the program offices to put superior capability in the hands of the warfighters.**
